

**TOKENZA**

Cryptocurrencies without borders, security without compromise!

## Decentralized Tokenza Ecosystem

Tokenza are products and services necessary for a modern person to store and manage their finances. Using the company's products, each person will be able to safely store money, multiply, earn and exchange. Tokenza offers a wide range of solutions suitable for both professionals and beginners in the crypto industry.

# TOKENZA

# VALUES AND MISSION TOKENZA

## Our Vision

Become a defining innovator in cryptocurrency security and custody. Our company is committed to building a strong ecosystem of products and services that will protect users from cyber threats and risks.

## Our mission

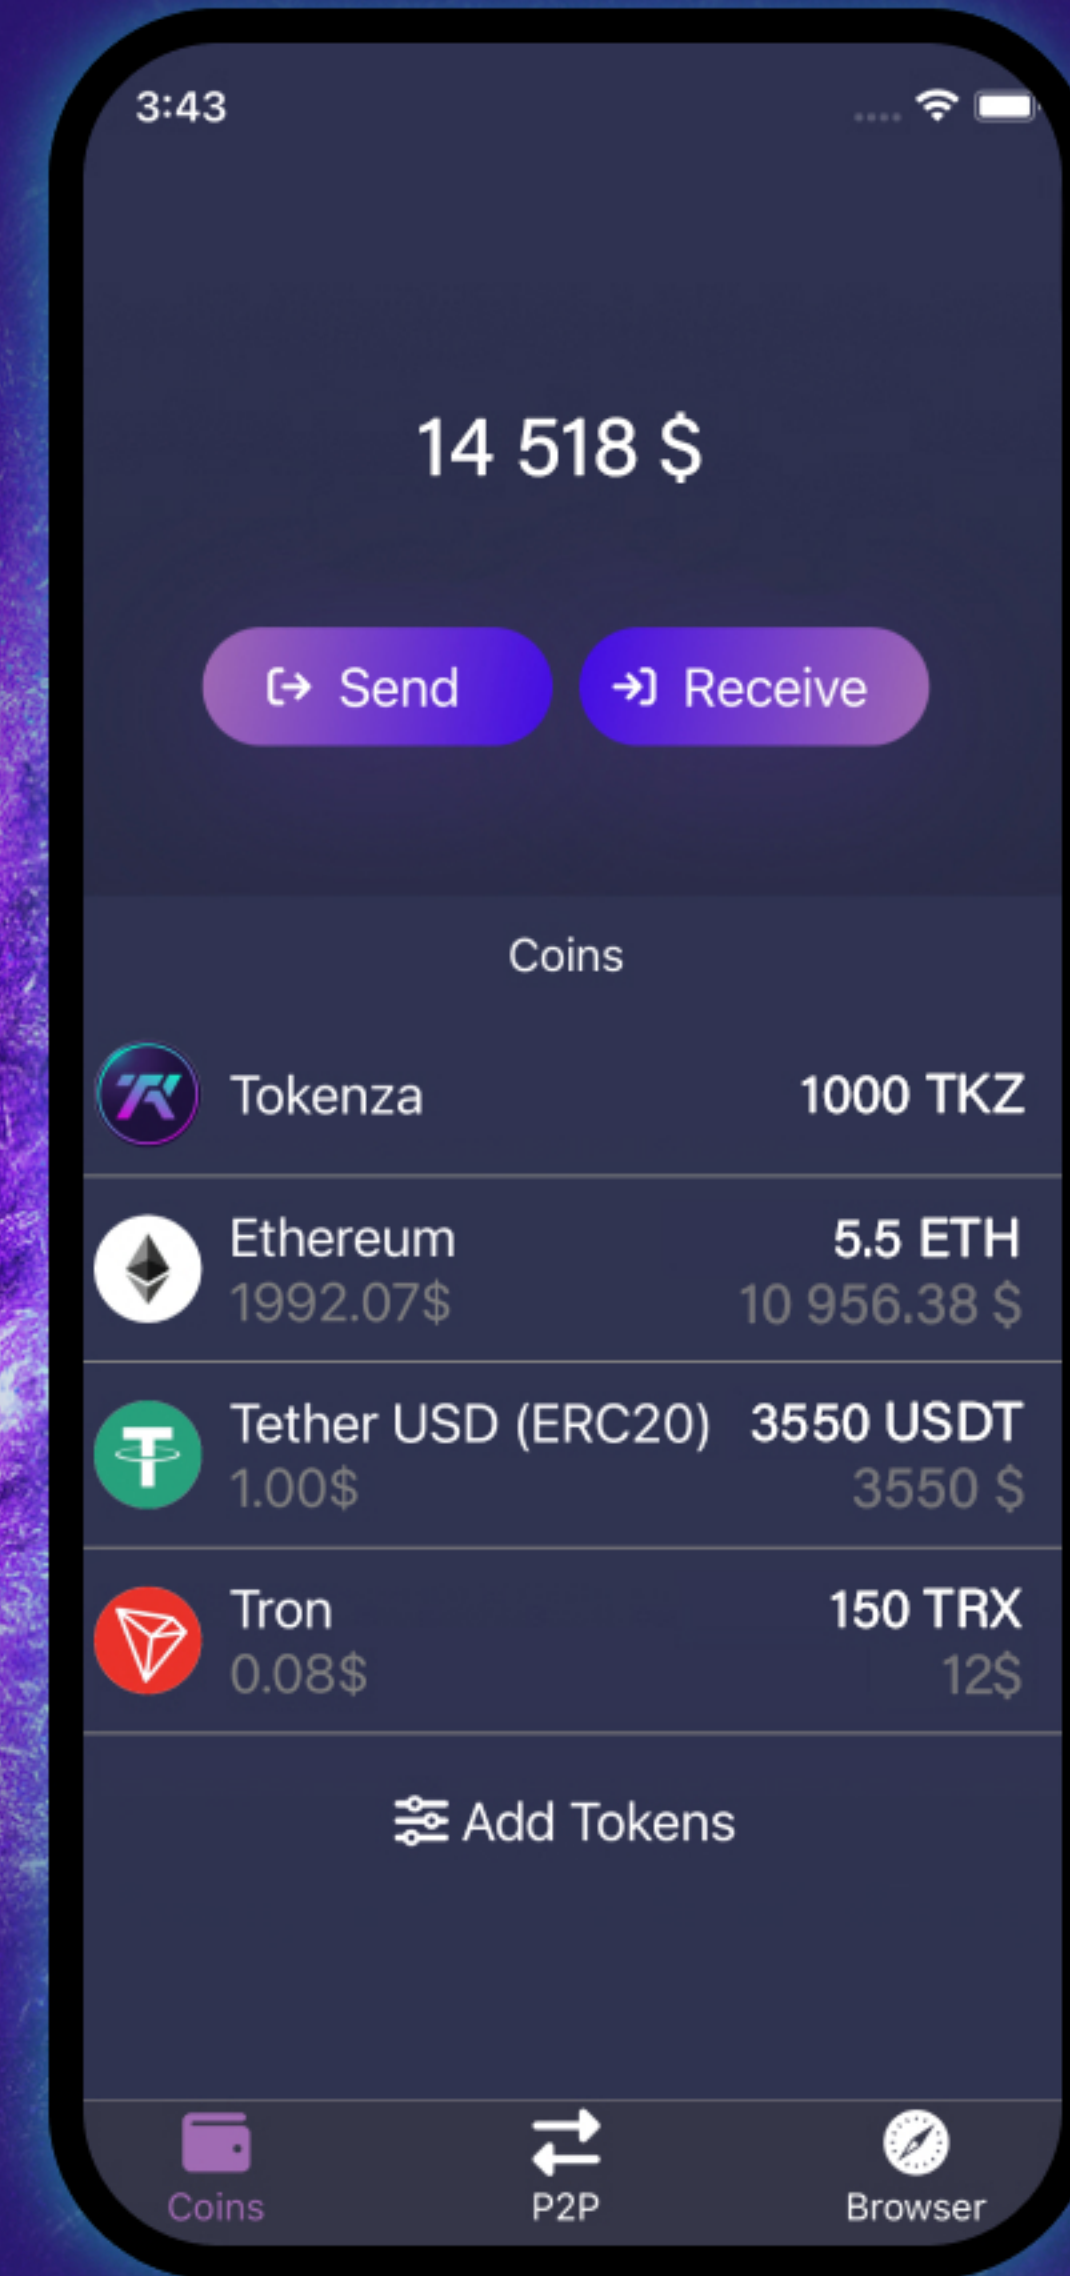

Create a secure and easy-to-use web3 access platform and open ecosystem.

# TOKENZA WALLET

This is the official Tokenza decentralized wallet, which guarantees users reliability and safety. It offers many useful features and provides access to a wide range of blockchains, digital assets.

# TOKENZA SWAP

Users can exchange tokens in the **Tokenza Wallet** app using the built-in cross-chain swap feature. These services are powered by **Tokenza DEX** and allow you to seamlessly trade assets between networks.

# TOKENZA TOKEN (TKZ)

- Tokenza (TKZ) is a DAO token through which users can participate in decision making for the management of Tokenza products. TKZ owners propose and vote on new features, updates, and other changes to the apps.

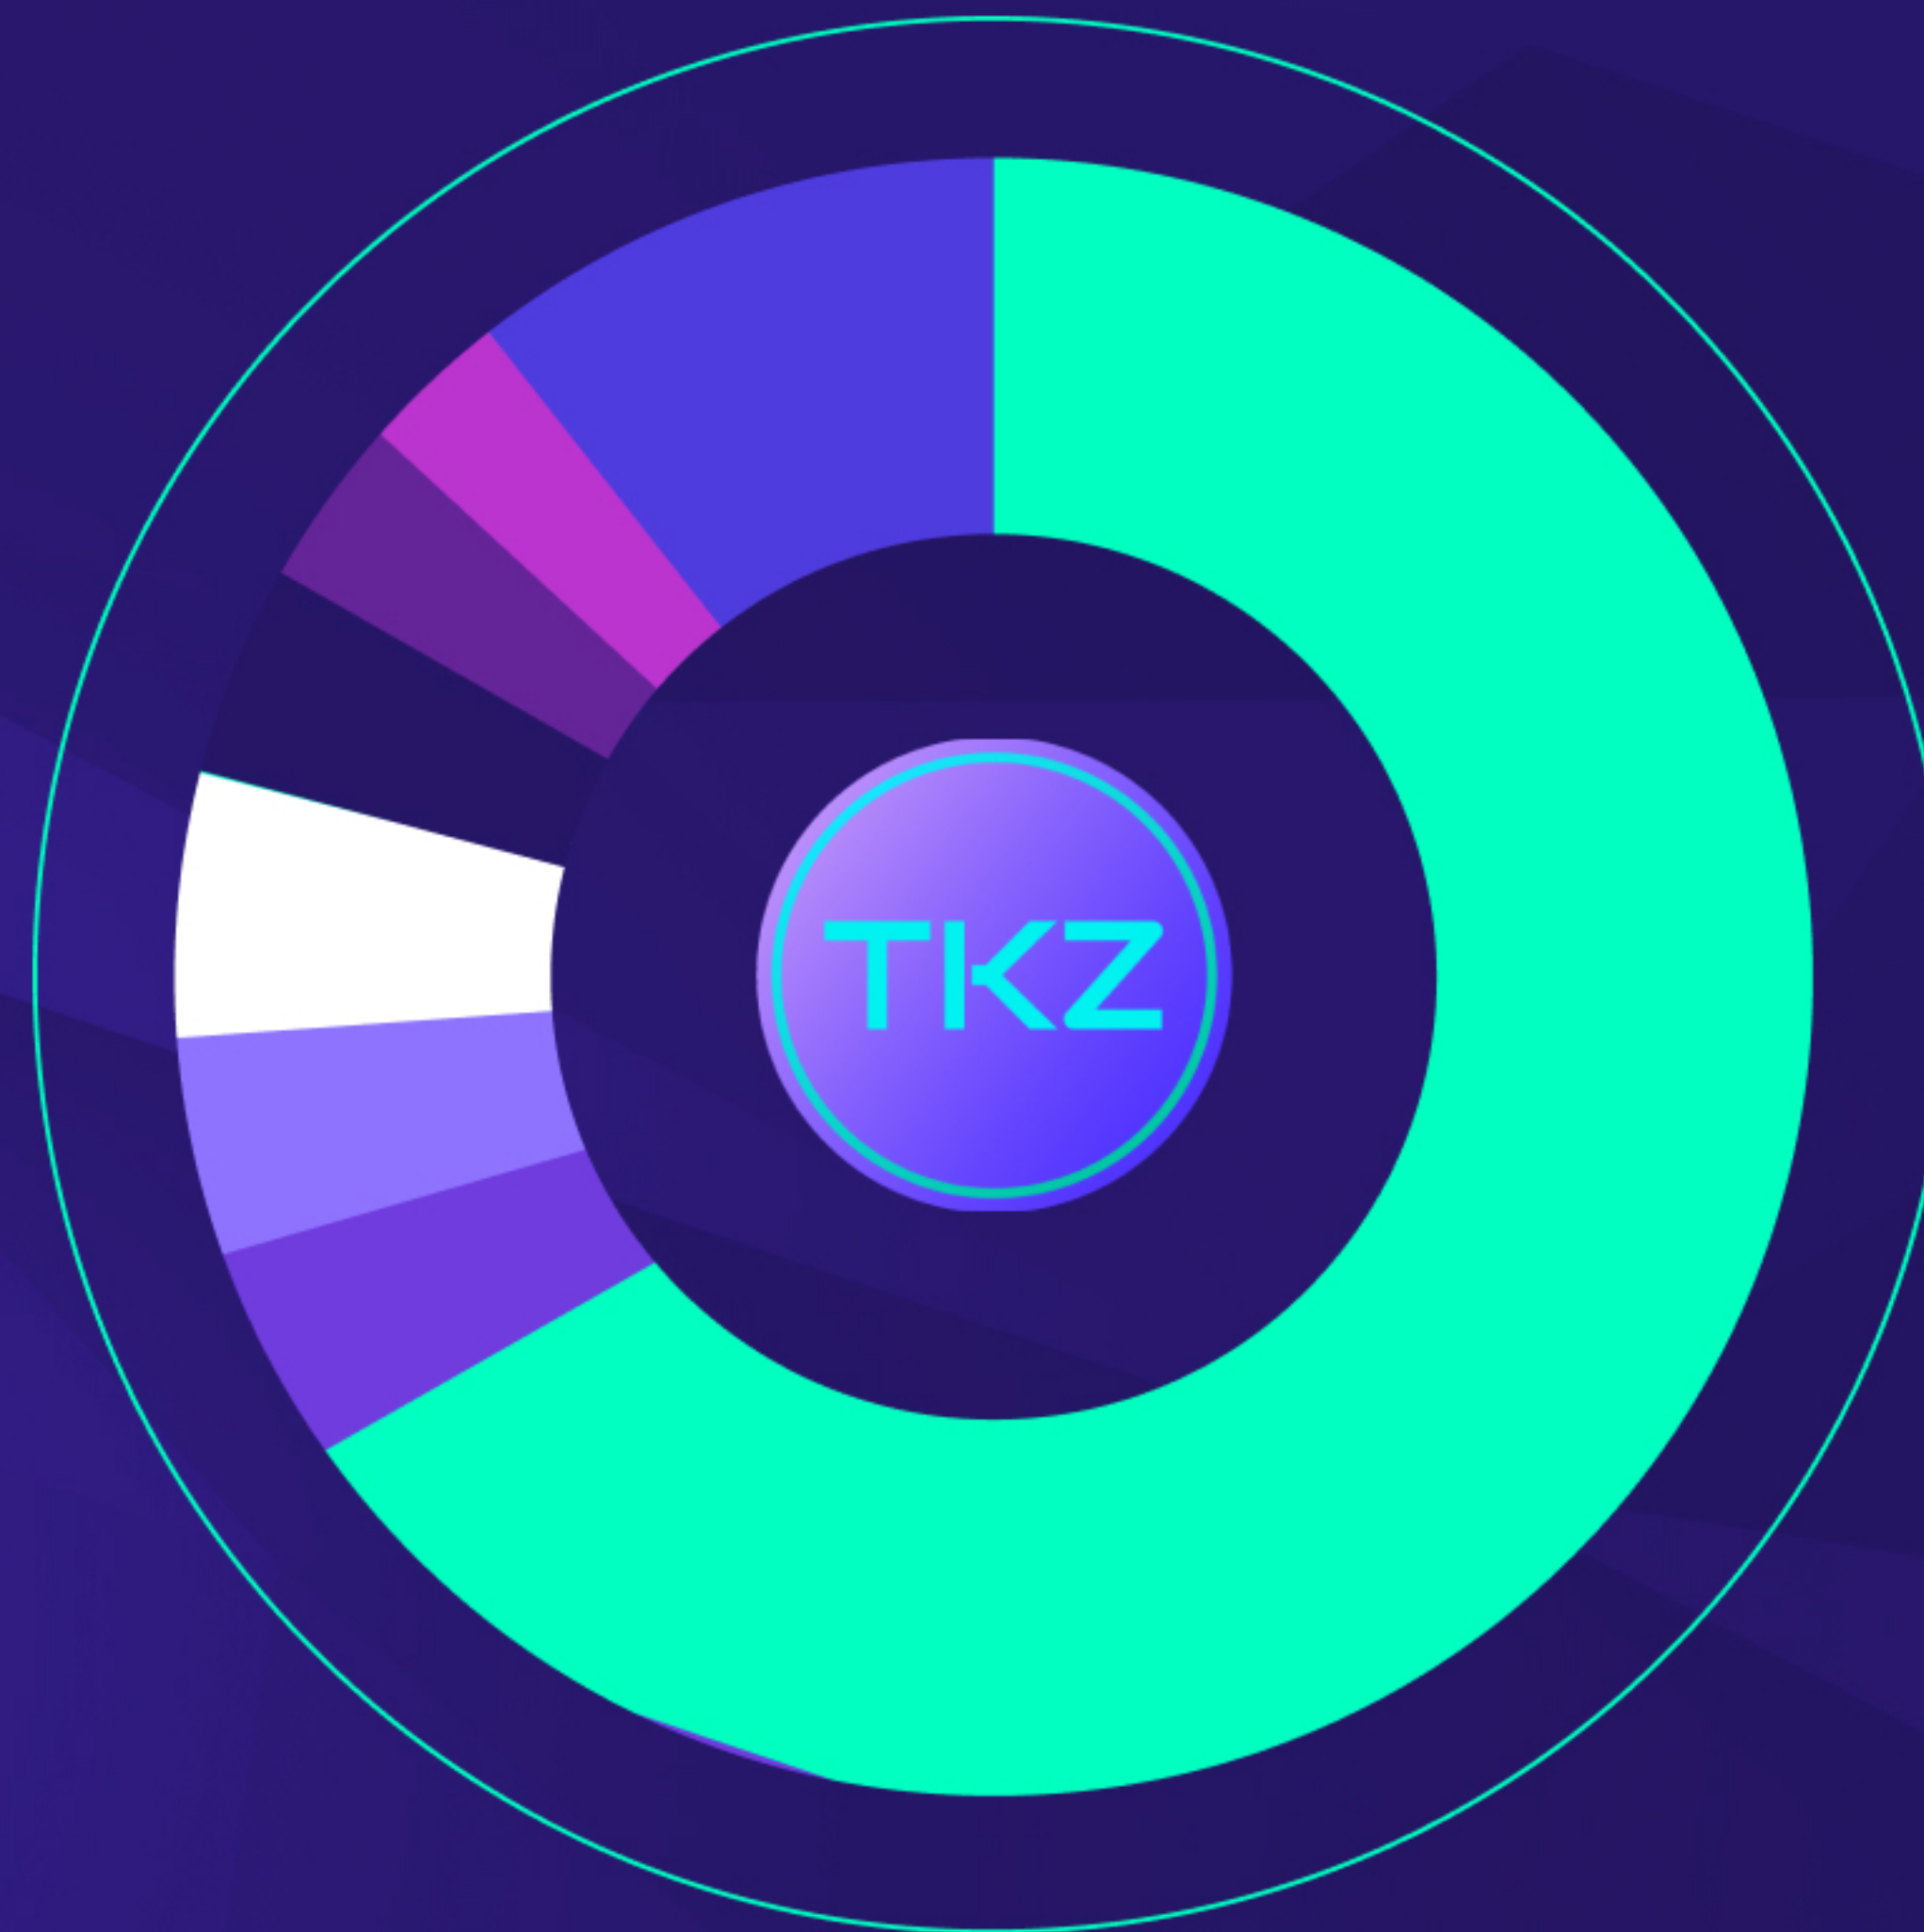

- **TKZ has a maximum supply of 9,800,000,000 issued on the Tron Blockchain (TRC 20)**

- Owners also receive discounts on the use of DEX services and the purchase of cryptocurrencies. TKZ token can be purchased or received as a reward in various marketing campaigns, sweepstakes and Tokenza Wallet airdrops.

# TOKENOMICS TKZ

- Mob app developer

## Tokenza AI has unique potential

For processing large amounts of data and performing complex computational tasks with great speed. It can analyze and synthesize information, browse huge databases, and perform repetitive tasks with high precision and without fatigue. Eliminating the human factor and the emotional state during transactions, AI guarantees a higher speed of trading in the cryptocurrency market, and hence the benefits of earning.

TOKENZA AI, developed since 2020, has gone through several rounds of testing.

1

Development  
of TokenzaAI 2020  
Q1 - Q4

2

Testing  
on EVM Compatible  
Networks 2021 Q2

3

Expansion of the list of trading  
pairs and decentralized  
trading platforms 2022 Q1

4

Algorithm optimization, system  
performance improvement 2022 Q3

5

Organization of collective pools,  
integration into the Tokenza.io 2023 Q3  
platform

# HOW IT WORKS ?

We create pools, and Tokenza AI (artificial intelligence) determines the trading pairs in which it is more profitable to make deals at a given time.

Every day, AI makes dozens, and sometimes hundreds of transactions, extracting the maximum possible profit. The algorithm eliminates risks by in-depth analysis of each transaction in more than 100 parameters.

Thanks to Tokenza AI, this algorithm works unsurpassed!

Passive income is accrued every day at 12:00 UTC+0.

All plans bring income within 2 years!

# AFFILIATE PROGRAM

## We have developed a referral program Tokenza

Which is aimed at the formation of global pools, allowing you to increase profits!

This program will allow millions of people around the world to earn guaranteed income through the unique Tokenza reward system!

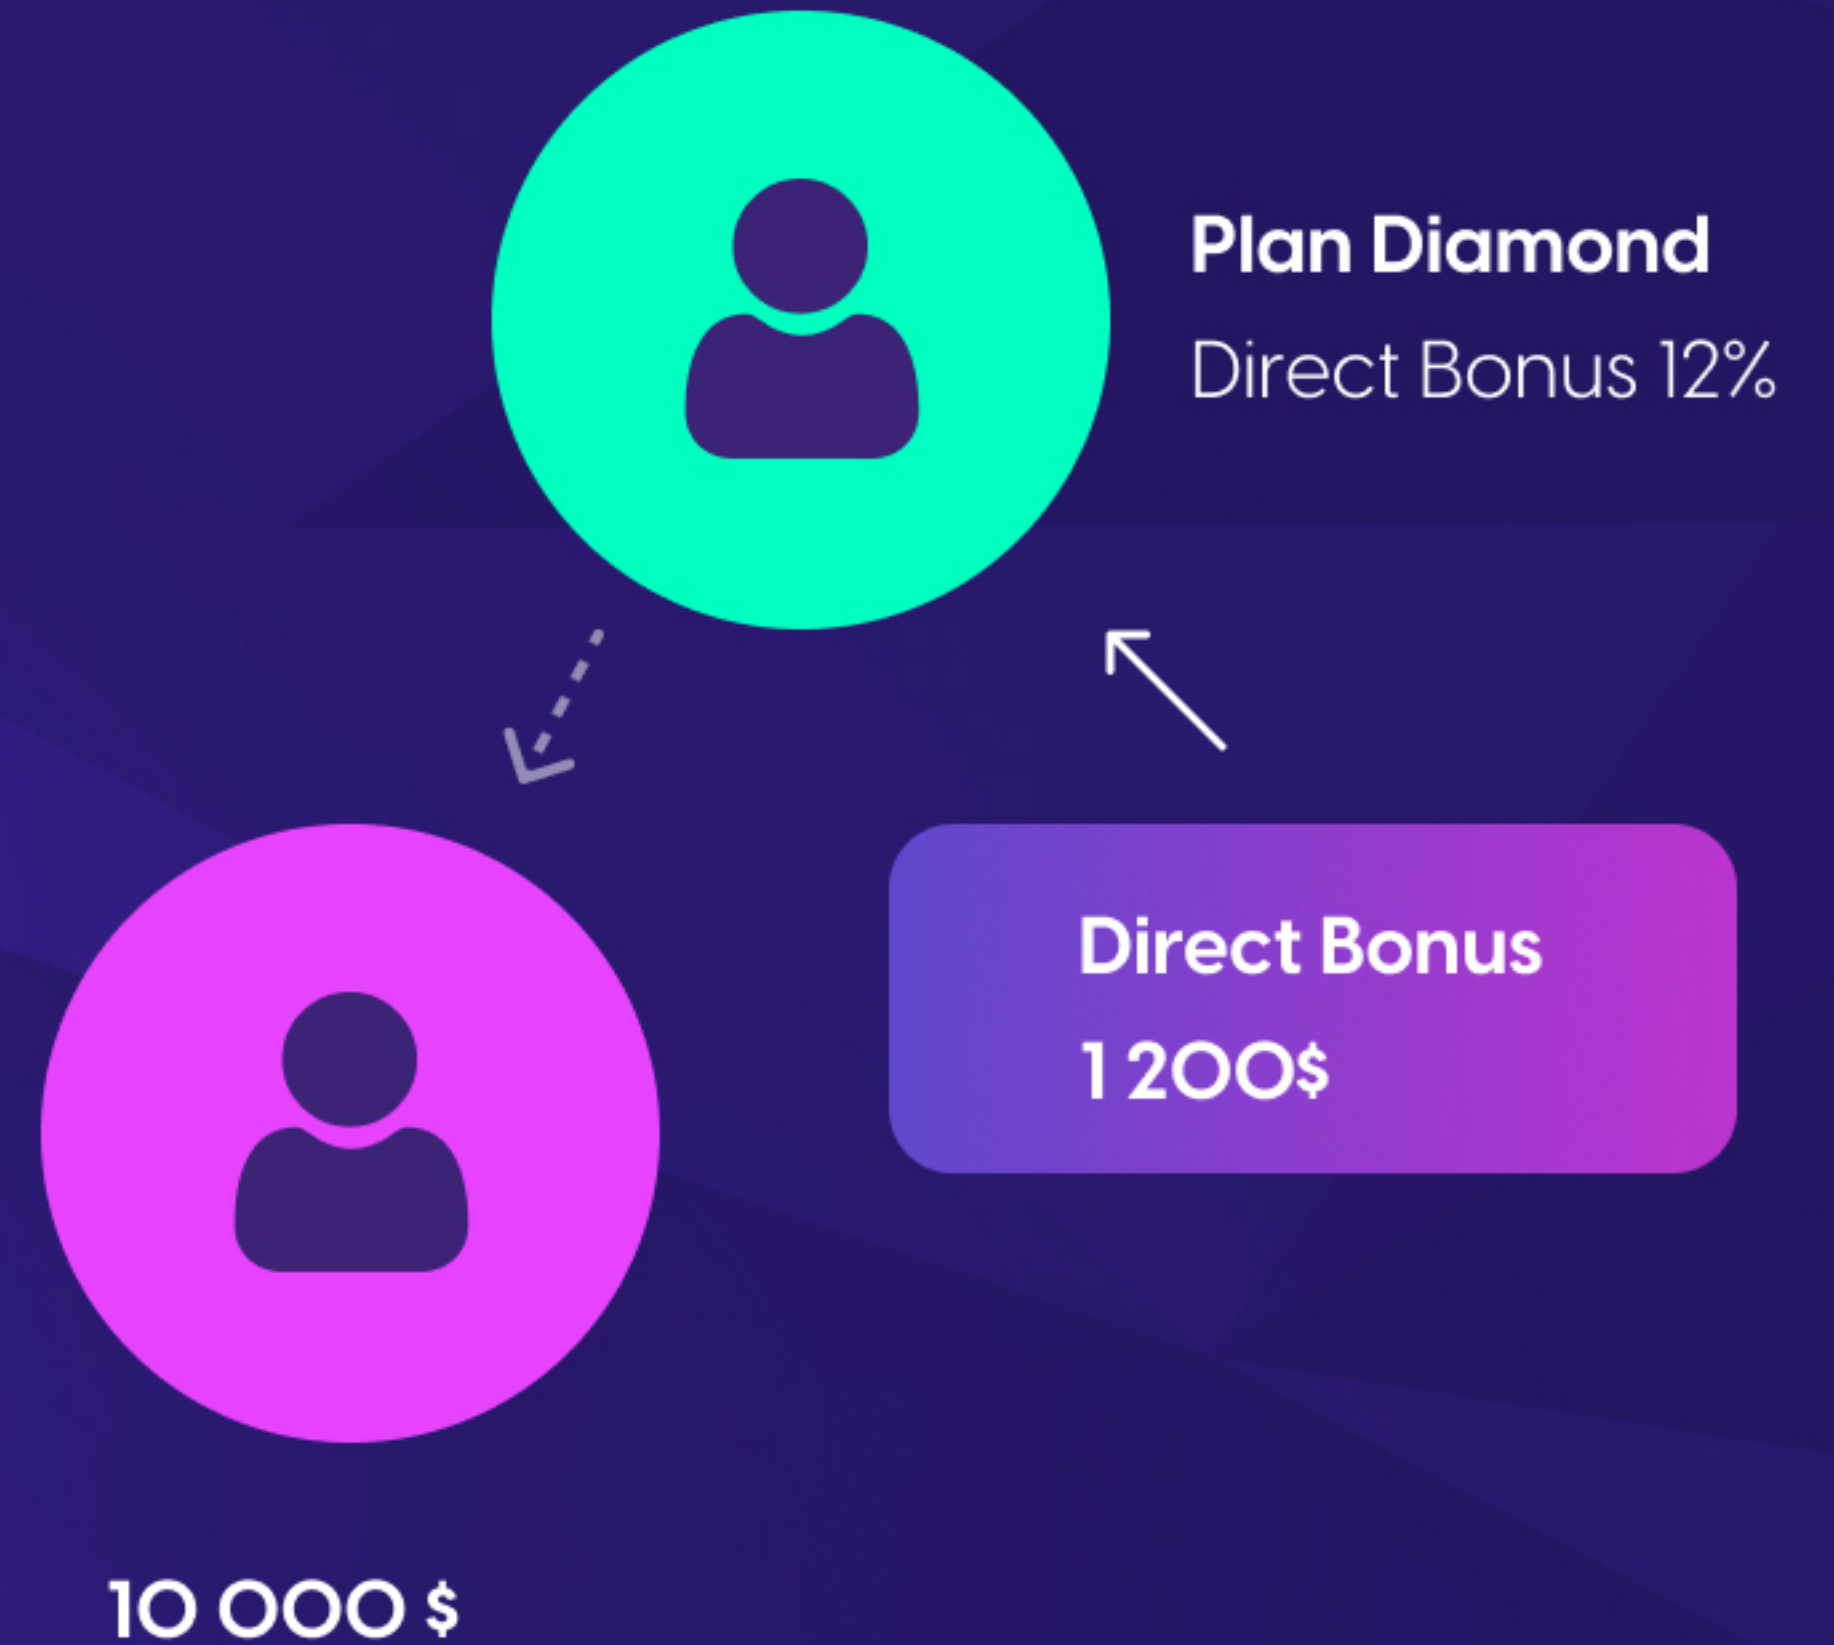

# DIRECT BONUS

Every time you invite a new partner to your team, you get **DIRECT BONUS**

(10-12% depending on your plan).

In this example, your profit will be **1 200\$ (12%)** from the plan to **10 000\$**, purchased by a partner personally invited by you.

# BINARY BONUS

If you have \$ volume in left and right command,  
you get binary bonus

**every Monday at 00:00 GMT + 0.**

In this example, you earn **1 500 \$ (15%)** binary bonus  
from the volume of the smaller team (**10 000 \$**).  
Volume will remain in the left leg **5 000 \$**

As soon as the turnover of your right team increases -  
you will get a binary bonus again!

# BINARY BONUS

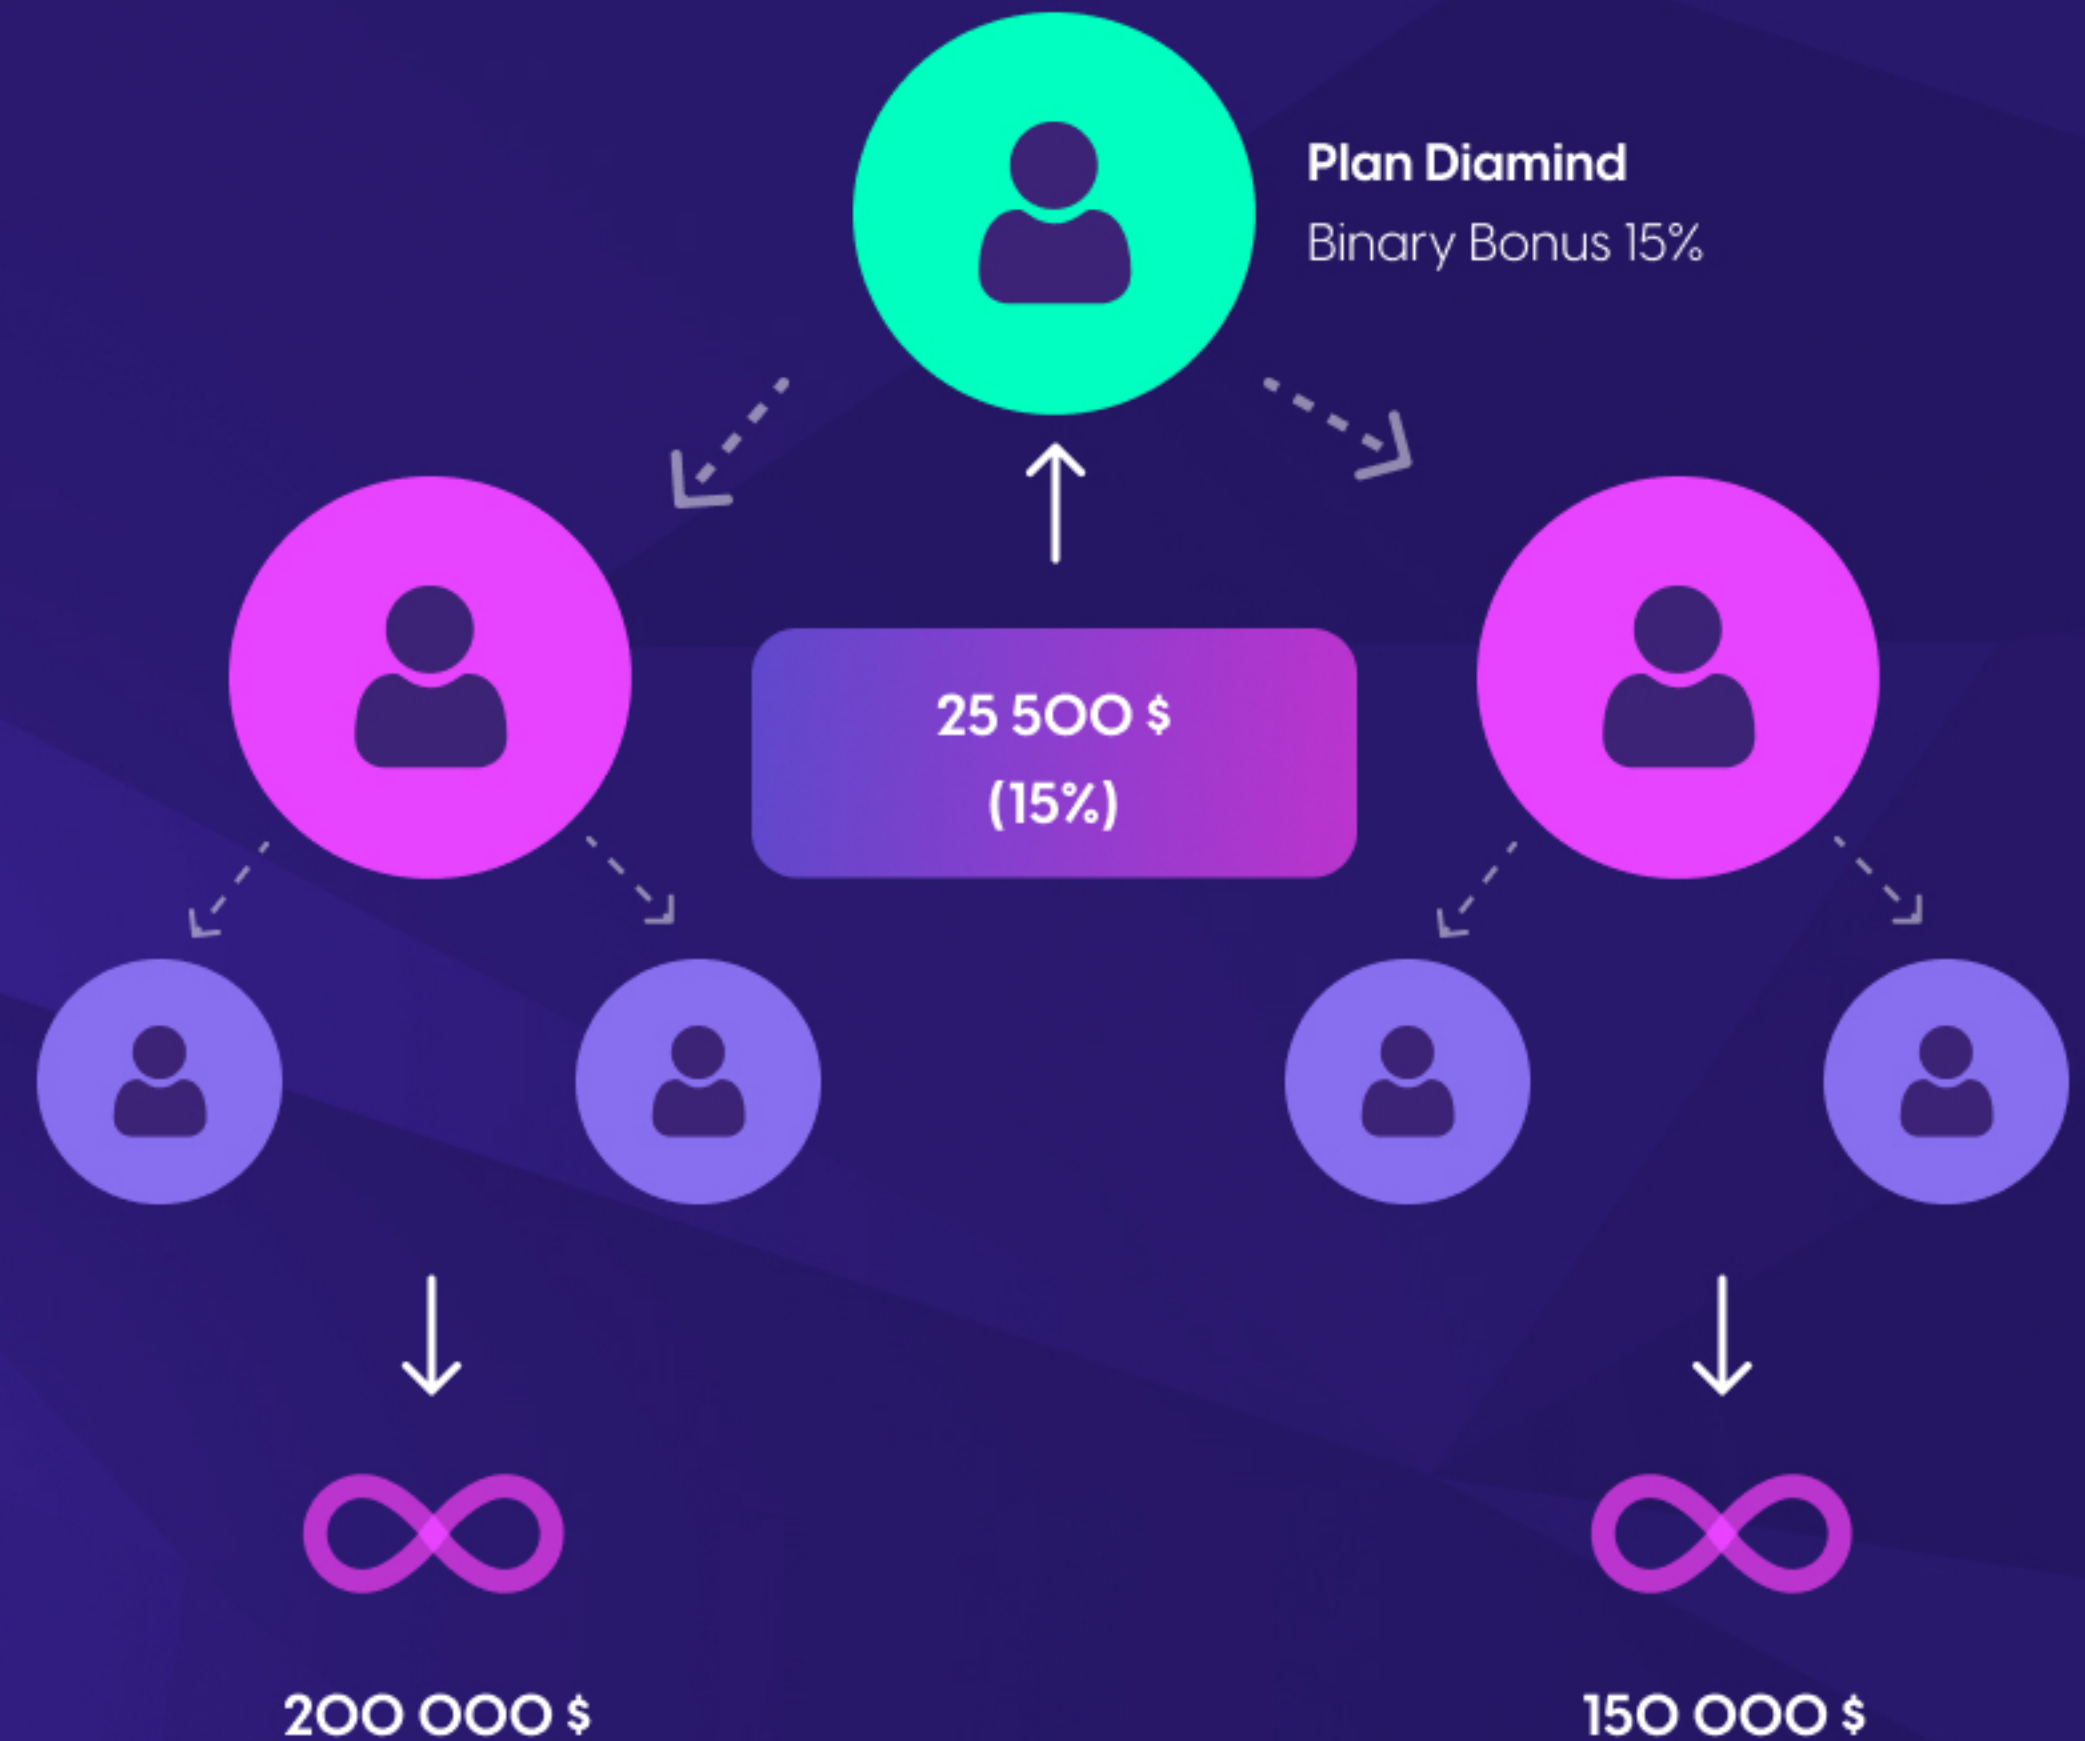

When increasing the volume of the right and left team, you will always receive a binary bonus, regardless of the depth level at which a new partner appeared!

This example demonstrates that if the total volume of the right command is **150 000\$**, and left - **200 000\$**, then you earn **22 500\$ (15%)**.

**50 000\$** in the left team will remain unrealized.

You will get the binary bonus again when the volume on the right team increases.

This provides a unique opportunity to receive unlimited profitability from the entire depth of your team!

# MATCHING BONUS

Matching bonus is a bonus from the binary income of your partners.

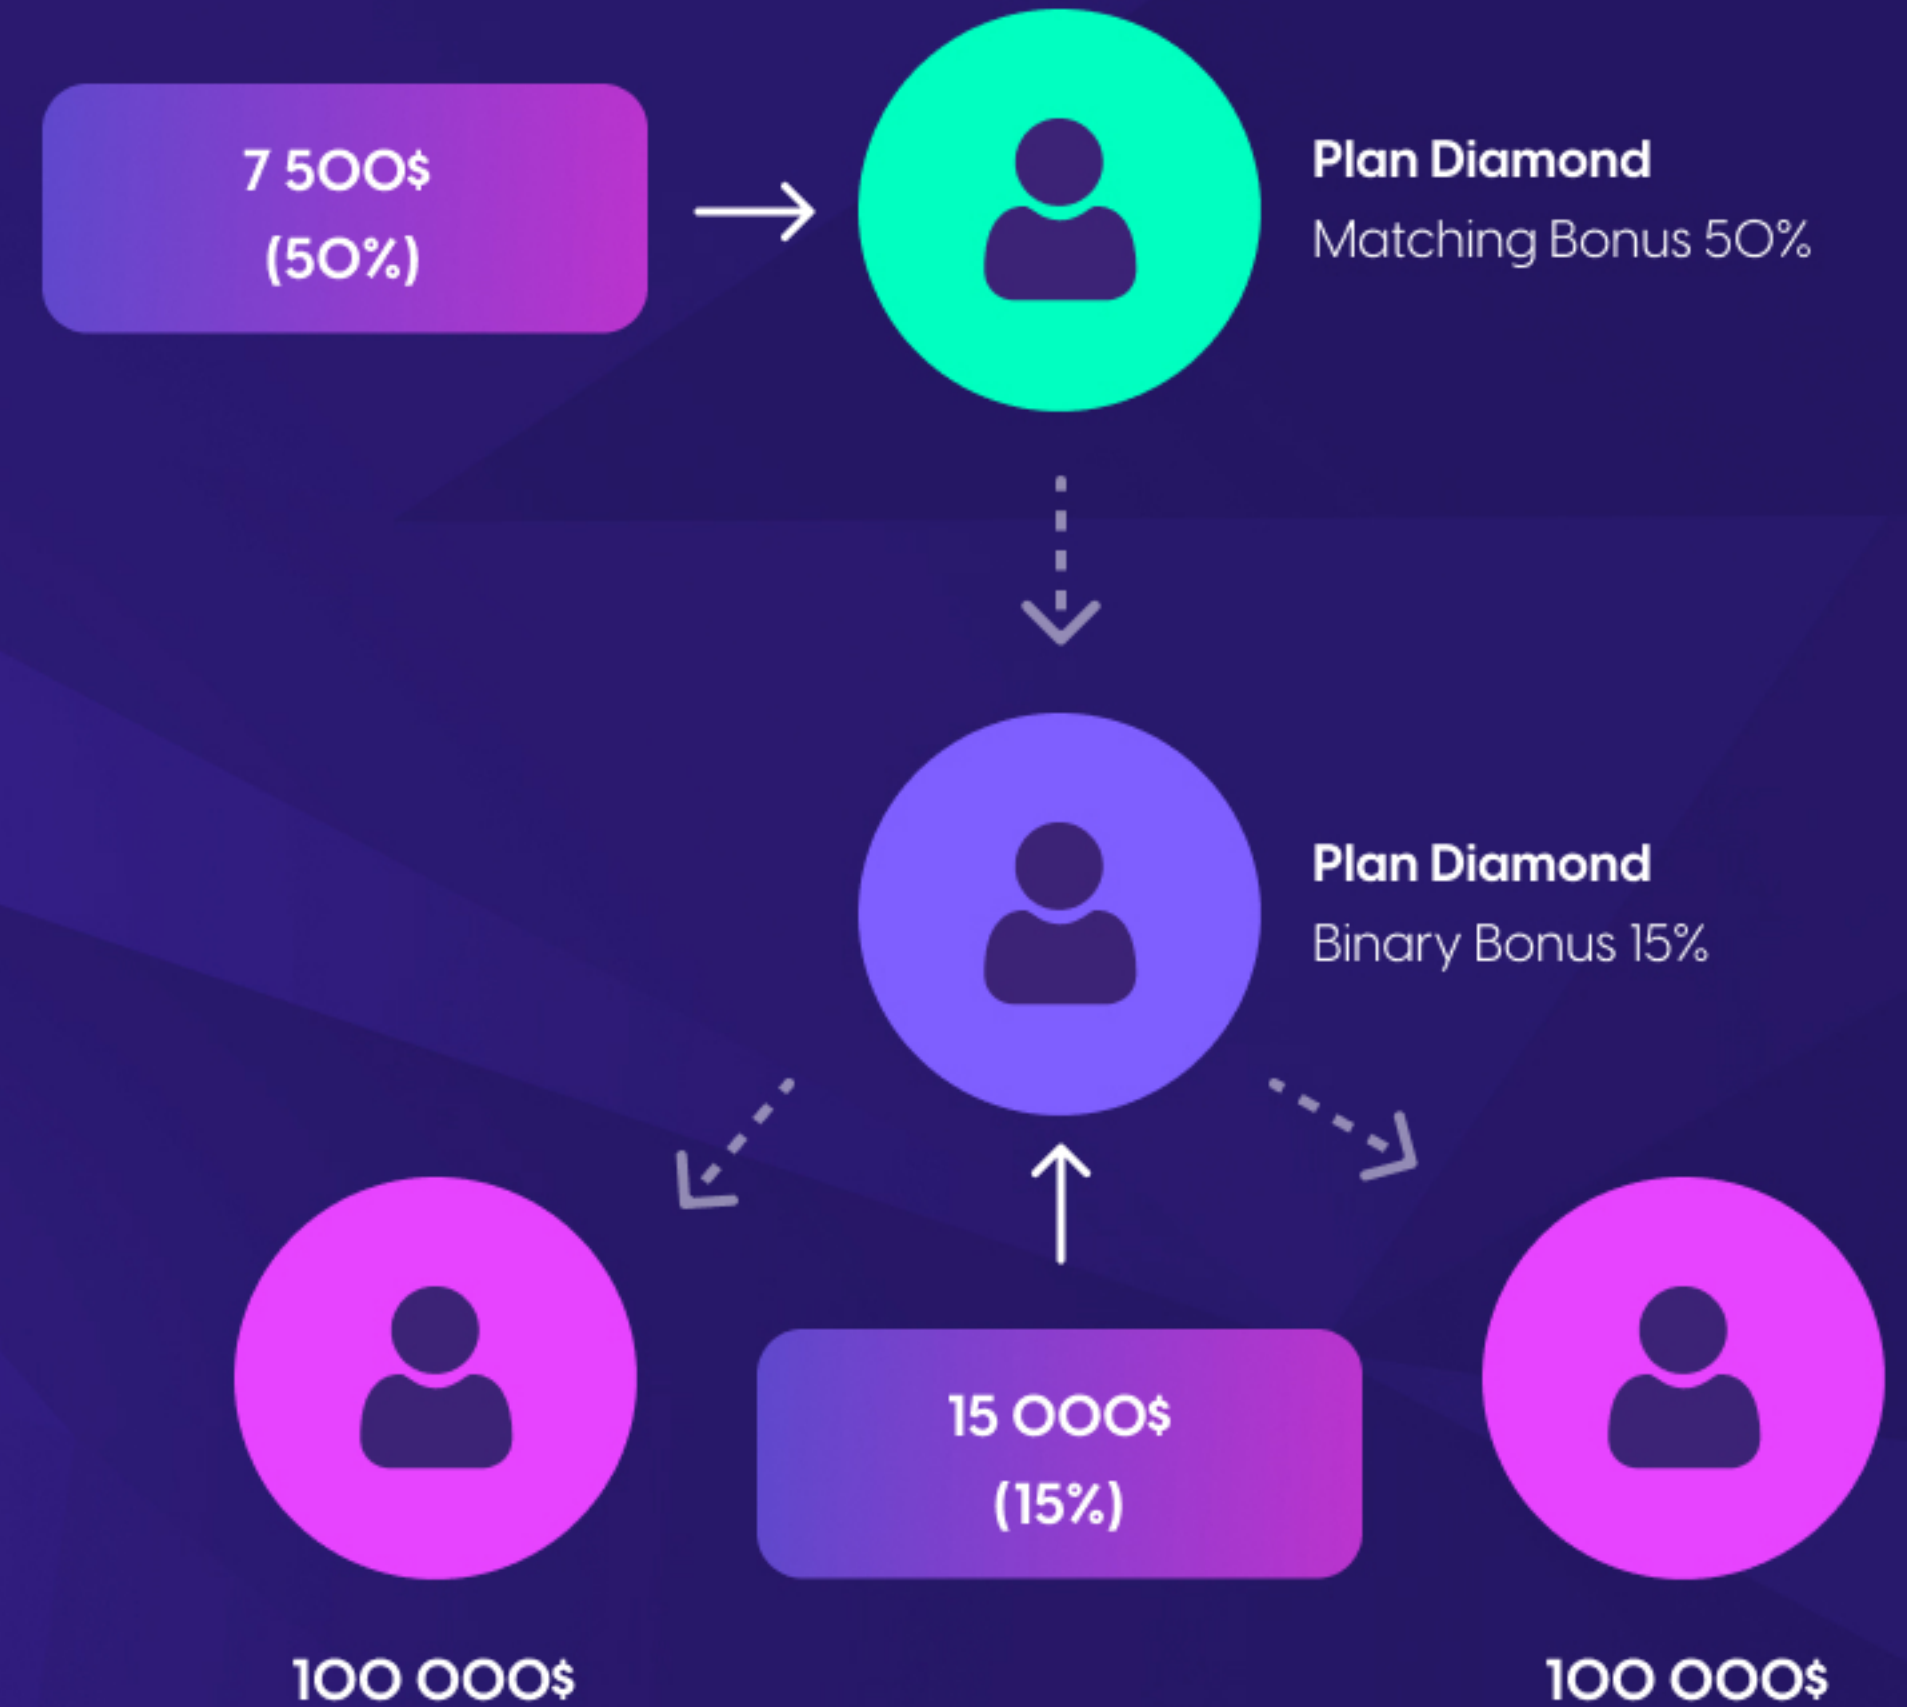

Move up the career ladder to improve your

**Matching Bonus !**

This example shows that your personally referred partner has received **15 000\$** in binary bonus.

**Accordingly, you get 50% of his bonus - \$7,500**

You get Matching Bonus every Monday at 00:00 GMT+0 when your partners earn Binary Bonus !

# MATCHING BONUS

Improve your **Matching Bonus** moving up the career ladder!

You get a Matching Bonus no matter what binary team your partners are in!

# LEADERSHIP CAREER
